

North Peru 3-10 july 2005

'light version'

Aguaruna indians at Nuevo Salem

Report by Roger Ahlman

General

This trip was organized by Kolibri Expeditions. The client had some special requests of seeing as many tanagers as possible and also the Marvelous Spatuletail. Dissapointingly we missed the local Orange-throated tanager at Nuevo Salem despite spending a day and a half at the spot where it is usually seen and having local indians to help us. The spectacular White-capped tanager is sometimes seen in the Abra Patricia area but we failed to find any. We did get a good compensation when we found and had scope-views of a male Straw-backed tanager! Add to this a number of scarce tanagers like Vermilion-, Masked- and Golden-eared tanagers and also Golden-collared- and Short-billed honeycreepers plus nearly all of the more common ones. At the full day we had at Abra Patricia we notched up no less than 30 species of tanagers and related. After some searching we eventually had gripping views of a full-plumaged male Marvelous Spatuletail.

Of course, doing northern Peru in just eight days is far too short time for such a vast and species-rich area and a lot of time was spent in the car driving from Chiclayo via Imacita to Tarapoto.

Leader - Roger Ahlman /Kolibri Expeditions
Participant - John Stump

All photos by Roger Ahlman© (rahlman2002@yahoo.se)

The layout of the species list is copied from the BirdingPeru database which displays the observations pretty much like this. Visit www.birdingperu.com to view the database, pictures, recordings etc.

Itinerary

3 July - Roger arrived at Chiclayo by bus and caught a transport from there to the airport to pick up John. After a roadside breakfast we sat off towards Bagua Chica. This day was mainly a travelling day with just a few stops to break up the journey. We made a first stop south of Olmos and picked up some Tumbesian species like Tumbes sparrow and Collared antshrike. After lunch we made a leg-strecher stop and picked up a nice flock of about 15 Purple-throated euphonias on the same branch - spectacular! just outside Bagua Chica we stopped at a stake-out for Little inca-finch which we soon found along with Red-crested finch. Night at hotel Wilson.

4 July - We sat off at dawn for the long drive to Imacita along the Marañon river. Along the road we made several stops for birding and picked up goodies like male Black-bellied thornail and Gould's jewelfront. Upon arriving in Imacita in the late afternoon we made the arrangements for going out to the Aguaruna indian community called Nuevo Salem which is just half an hour downstream from Imacita and the only reasonably accessible site for the near-endemic Orange-throated tanager.

5 July - Pre-dawn start took us to the village at the crack of dawn. After installing ourselves in a hut and meeting the locals, we had breakfast and soon sat off up the trail to the spot where the tanager is usually seen. Some locals familiar with the tanager and it's call joined us. Birding is worthwhile on the way up and Roger spotted nice things like male Spangled cotinga and Crimson-crested woodpecker both giving good scope-views. Up at the top things were rather quiet and raptors was to be the main feature of the day with species like Black hawk-eagle, King vulture, Gray-headed kite, Short-tailed- and White hawks. A flowering pineapple attracted a Straight-billed hermit several times during the day. A nice flock in the afternoon raised some hope of finding the Orange-throated tanager but no. On the way down in the afternoon we scanned from the view-points and John finally got good looks at a pair of White-browed purpletufts that he missed in the morning. Lunch was brought up to us which was still warm and highly appreciated.

6 July - After a heavy rain- and thunder storm during the night and early morning, we sat off for a last attempt for the tanager. The trail was more slippery but we picked up some nice birds on the way up like

Undulated antshrike, Black-bellied cuckoo and Short-billed honeycreeper. Again a fruitless wait at the top and after lunch we had to face the fact that we were not going to see the Orange-throated tanager this time. Disappointing but we had to be happy with the other good birds we saw. In late afternoon the boat came and picked us up and took us back to Imacita. After the heavy rain the river was considerably higher and the current was rather strong.

7 July - An early start for the long drive to Pomacochas via Bagua Chica. A breakfast stop along the river was surprisingly quiet and we continued to Chiriaco for a quick coffee. We continued to the more forested parts of the road and picked up goodies like Masked tanager, Dusky-billed parrotlets and Brown-mandibled aracaris. Rain put a halt to birding and we drove on to Bagua and dropped off Jose Lirio who had been coordinating our visit to Nuevo Salem. A long drive took us to Pomacochas around 17.00 and we made a stop near the rio Chido and soon Roger found an immature male Marvelous Spatuletail. This was however met with a dissatisfied grump from John - just like everyone else who sees a Spatuletail which is not a full-plumaged male. Nearby lives our local contact who keeps track of the males and we called in at his house and he had seen a male a few days earlier nearby, so we agreed to meet next morning for the quest.

8 July - Breakfast outside Santos house and soon we set off the short walk to a small forest patch and all but John had a quick glimpse of a male Spatuletail. The next few hours were spent in the patch but the hummer proved elusive but giving good views several times for Roger and Santos whereas John always happened to be at the wrong place or having something obscuring the view. Finally the Spatuletail showed well even for him on top of a flowering bromelia. After lunch we decided that the best we could do for the rest of the day was to drive about an hour to the higher parts of Abra Patricia. Sunshine can be nice but in the mountain forest it is devastating for birdwatching with the activity being close to zero. Today was no exception and we were frustrated in this nice area that can offer fantastic birding. We were lucky with hummingbirds picking up 3 Green-fronted lancebills and 2 Emerald-bellied pufflegs. In the late afternoon we picked up a flock at the pass just where there is a trail which we walked into and got very good views of many things like Green-and-black fruiteater to John's delight.

9 July - A predawn start from Pomacochas took us to Abra Patricia at dawn and after breakfast we started birding finding a nice flock. Our luck changed and we didn't see much over the next hours and being a guide it is a bit frustrating when things just won't show! Our luck changed again when Roger found a male Straw-backed tanager which John got good scope-views of. This one is more widespread than the Orange-throated and White-capped tanagers but certainly harder to find as it is rare all over its range. Consequently the mood rose and soon we found a nice flock giving good views of 10 species of tanagers and also Speckle-chested piculet. After lunch we drove down to the Afluentes area and I didn't have much hope of finding much in the afternoon heat but I was wrong. Soon we found a nice flock picking up some tanagers that John wanted. A short while later we found another flock and within five minutes John had had close scope-views of Golden-eared-, Bay-headed- and Huallaga tanagers! We had to settle with 27 species of tanagers today! Who beats that? We celebrated with some wine in nice bodega in Pomacochas.

10 July - Today was pretty much a travelling day from Pomacochas to Tarapoto for our evening flight to Lima. We did however have time for some hours birding in the Abra Patricia area and we implemented the same tactic as yesterday. A nice flock gave us, and specially John, gripping views of some Hooded mountain-tanagers and also White-collared jays. Beyond the Chofercito restaurant we were extremely lucky with flocks picking no less than four in a couple of hours! Goodies here included Golden-collared honeycreeper, Uniform antshrike, Rufous-rumped antwren and Blue-naped chlorophonia and the much desired Vermilion tanager. A male Lemon-throated berbet was unusually high in altitude rounded off a very productive morning. Despite seeing so many tanagers yesterday, we managed to pick up another 3 this morning and a lunch break at Yacumama near Rioja added Turquoise. A short stop at rio Moyo gave White-winged- and White-banded swallows. All in all this trip turned out very well despite the sad dip of Orange-throated tanager. We saw no less than 54 species of Tanagers (not including Flowerpiercers) and some very good Hummingbirds. The total trip list ended somewhere near 250 species.

OLMOS VICINITY

Department: Lambayeque - Day: July 3, 2005 - Time: From 10:00 to 11:00 - GPS: 05° 59' S - 79° 46' W

Necklaced Spinetail (*Synallaxis stictothorax*) 1
Collared Antshrike (*Sakesphorus bernardi*) M:1 F:1
Tumbesian Tyrannulet (*Phaeomyias tumbezana*) 1
Tumbes Beardless-Tyrannulet (*Camptostoma obsoletum sclateri*) 1
Tropical Gnatcatcher (*Polioptila plumbea*) 4 race *bilineata*
Tumbes Sparrow (*Aimophila stolzmanni*) 10

CHAMAYA-TURN-OFF TO JAEN

Department: Cajamarca - Day: July 3, 2005 - Time: From 14:00 to 15:00 - GPS: 00° 00' S - 00° 00' W

Black-chested Buzzard-Eagle (*Geranoaetus melanoleucus*) Ad:1
Marañon Thornbird (*Phacellodomus rufifrons maranonica*) 4 Nests found
Southern Beardless Tyrannulet (*Camptostoma obsoletum bolivianum*) 1 race *maranonicum*
Purple-throated Euphonia (*Euphonia chlorotica*) 15 At least 10 in the same tree after palyback with Peruvian pygmy-owl!
Marañon Streaked Saltator (*Saltator striatipectus peruvianus*)

BAGUA CHICA

Department: Amazonas - Day: July 3, 2005 - Time: From 16:00 to 17:00 - GPS: 00° 00' S - 00° 00' W

Striped Cuckoo (*Tapera naevia*) 1
Spot-throated Hummingbird (*Leucippus taczanowskii*) 2
Red-crested Finch (*Coryphospingus cucullatus*) M:1
Little Inca-Finch (*Incaspiza watkinsi*) 2

BAGUA CHICA - IMAZITA ROAD

Department: Amazonas - Day: July 4, 2005 - Time: From 07:00 to 17:00 - GPS: 00° 00' S - 00° 00' W

Black Vulture (*Coragyps atratus*)
Turkey Vulture (*Cathartes aura*)
Roadside Hawk (*Buteo magnirostris*)
Black Hawk-Eagle (*Spizaetus tyrannus*) 1
Black Caracara (*Daptrius ater*) 2
Eared Dove (*Zenaida auriculata*)
Croaking Ground-Dove (*Columbina cruziana*) Common in the dry first part
Scarlet-fronted Parakeet (*Aratinga wagleri*) 8
Cobalt-winged Parakeet (*Brotogeris cyanoptera*) 3
Squirrel Cuckoo (*Piaya cayana*) 2
Smooth-billed Ani (*Crotophaga ani*)
White-collared Swift (*Streptoprocne zonaris*) 100
Gray-breasted Sabrewing (*Campylopterus largipennis*) 1
Black-bellied Thorntail (*Popelairia langsdorffi*) M:1 One male seen very well feeding on a low bush
Gould's Jewelfront (*Heliodoxa aurescens*) 1
White-throated (Cuvier's) Toucan (*Ramphastus cuvieri*) 2
Dark-breasted Spinetail (*Synallaxis albigularis*) 5 Heard.
Marañon Thornbird (*Phacellodomus rufifrons maranonica*) 1 Heard. Close to Bagua Chica

Warbling Antbird (*Hypocnemis cantator peruviana*) 2
 Spot-winged Antbird (*Percnostola leucostigma*) M:1 F:1
 White-lored Tyrannulet (*Ornithion inerme*) 1
 Yellow-bellied Elaenia (*Elaenia flavogaster*) 2
 Ochre-bellied Flycatcher (*Mionectes oleagineus*) 1
 Gray-crowned Flycatcher (*Tolmomyias poliocephalus*) 1
 Olive-faced Flycatcher (*Tolmomyias viridiceps*) 1
 Boat-billed Flycatcher (*Megarynchus pitangua*) 4
 Social Flycatcher (*Myiozetetes similis*)
 Tropical Kingbird (*Tyrannopsis melancholicus*)
 Blue-and-white Swallow (*Pygochelidon cyanoleuca*)
 Southern Rough-winged Swallow (*Stelgidopteryx ruficollis*)
 Scaly-breasted Wren (*Microcerculus marginatus*) 3
 Black-billed Thrush (*Turdus ignobilis*) 3
 Magpie Tanager (*Cissopis leveriana*) 2
 Silver-beaked Tanager (*Ramphocelus carbo*)
 Blue-gray Tanager (*Thraupis episcopus*)
 Thick-billed Euphonia (*Euphonia laniirostris*) M:1 F:1
 Paradise Tanager (*Tangara chilensis*) 6
 Yellow-bellied Tanager (*Tangara xanthogastra*) 2
 Black-faced Dacnis (*Dacnis lineata*) M:1 F:1
 Blue-black Grassquit (*Volatinia jacarina*)
 Chestnut-throated Seedeater (*Sporophila telasco*) M:1
 Yellow-browed Sparrow (*Ammodramus aurifrons*) 2
 Buff-throated Saltator (*Saltator maximus*) 1
 Yellow-tailed Oriole (*Icterus mesomelas*) 2 In the dry part close to Bagua Chica
 Yellow-rumped Cacique (*Cacicus cela*) 5

NUEVO SALEM-UUT

Department: Amazonas - Day: July 5, 2005 - Time: From 06:00 to 18:00 - GPS: 04° 59' S - 78° 21' W

Cinereous Tinamou (*Crypturellus cinereus*) 1 Heard.
 Greater Yellow-headed Vulture (*Cathartes melambrotus*) 1
 King Vulture (*Sarcoramphus papa*) Ad:5
 Gray-headed Kite (*Leptodon cayanensis*) Ad:1
 Swallow-tailed Kite (*Elanoides forficatus*) 10
 Plumbeous Kite (*Ictinia plumbea*) 2
 White Hawk (*Leucopternis albicollis*) Ad:2
 Short-tailed Hawk (*Buteo brachyurus*) 1
 Black Hawk-Eagle (*Spizaetus tyrannus*) 1
 Plumbeous Pigeon (*Columba plumbea*) 1
 White-eyed Parakeet (*Aratinga leucophthalmus*) 25
 Blue-headed Parrot (*Pionus menstruus*) 2
 Tawny-bellied Screech-Owl (*Megascops watsonii*) 1 In the village
 White-collared Swift (*Streptoprocne zonaris*) 10
 Rufous-breasted Hermit (*Glaucis hirsuta*) 1 Feeding on a pineapple flower
 Straight-billed Hermit (*Phaethornis bourcierii*) 1 Alt:435m. Coming repeatedly to a pineapple flower.
 Gray-breasted Sabrewing (*Campylopterus largipennis*) 1
 Amazonian Violaceous Trogon (*Trogon violaceus*) 2
 Yellow-tufted Woodpecker (*Melanerpes cruentatus*) 4
 Crimson-crested Woodpecker (*Campephilus melanoleucos*) F:1
 Lineated Woodcreeper (*Lepidocolaptes albolineatus*) 2

Undulated Antshrike (*Frederickena unduligera*) M:1
 Plain-winged Antshrike (*Thamnophilus schistaceus*) 2
 Black Antbird (*Cercomacra serva*) 2
 Warbling Antbird (*Hypocnemis cantator peruviana*) 5
 Bicolored Antbird (*Gymnopithys leucaspis*) 1 Others heard singing
 White-browed Purpletuft (*Iodopleura isabellae*) 3
 Spangled Cotinga (*Cotinga cayana*) M:2 F:1
 Bright-rumped Attila (*Attila spadiceus*) 2
 Crowned Slaty-Flycatcher (*Griseotyrannus aurantioatrocristatus*) 1
 Masked Tityra (*Tityra semifasciata*) 1
 Thrush-like Wren (*Campylorhynchus turdinus*) 2

White Hawk at Nuevo Salem

White-breasted Wood-Wren (*Henicorhina leucosticta*) 5 One seen others heard
 Scaly-breasted Wren (*Microcerculus marginatus*) 2
 Violaceous Jay (*Cyanocorax violaceus*) 4
 Yellow-backed Tanager (*Hemithraupis flavicollis*) 3
 Masked Crimson Tanager (*Ramphocelus nigrogularis*) 10
 Rufous-bellied Euphonia (*Euphonia rufiventris*) M:1
 Paradise Tanager (*Tangara chilensis*) 10
 Green-and-gold Tanager (*Tangara schrankii*) 1
 Yellow-bellied Tanager (*Tangara xanthogastra*) 2
 Opal-rumped Tanager (*Tangara velia*) 1
 Black-faced Dacnis (*Dacnis lineata*) 5
 Yellow-bellied Dacnis (*Dacnis flaviventer*) M:1
 Blue Dacnis (*Dacnis cayana*) 5
 Green Honeycreeper (*Chlorophanes spiza*) 5
 Purple Honeycreeper (*Cyanerpes caeruleus*) 5
 Yellow-browed Sparrow (*Ammodramus aurifrons*) 1

NUEVO SALEM-UUT

Department: Amazonas - Day: July 6, 2005 - Time: From 06:00 to 15:00 - GPS: 04° 59' S - 78° 21' W

Black-billed Cuckoo (*Coccyzus erythrophthalmus*) 1
White-collared Swift (*Streptoprocne zonaris*) 25
Straight-billed Hermit (*Phaethornis bourcieri*) 1
Amazonian White-tailed Trogon (*Trogon viridis*) M:1 F:1 Copulating
Gilded Barbet (*Capito auratus*) 2
Golden-collared Toucanet (*Selenidera reinwardtii*) 1
Channel-billed Toucan (= Yellow -ridged) (*Ramphastos culminatus*) 2
Yellow-tufted Woodpecker (*Melanerpes cruentatus*) 5
Buff-throated Foliage-gleaner (*Automolus ochrolaemus*) 1
Warbling Antbird (*Hypocnemis cantator peruviana*) 3
Thrush-like Antpitta (*Myrmothera campanisona*) 2
Golden-headed Manakin (*Pipra erythrocephala*) M:1
Drab Water-Tyrant (*Ochthornis littoralis*) 2 Along the river back to Imacita
Bright-rumped Attila (*Attila spadiceus*) 2
Yellow-backed Tanager (*Hemithraupis flavicollis*) 1
Masked Crimson Tanager (*Ramphocelus nigrogularis*) 10
Silver-beaked Tanager (*Ramphocelus carbo*)
Palm Tanager (*Thraupis palmarum*) 1
Orange-bellied Euphonia (*Euphonia xanthogaster*) 2
Green-and-gold Tanager (*Tangara schrankii*) 1
Black-faced Dacnis (*Dacnis lineata*) 5
Blue Dacnis (*Dacnis cayana*) 1
Short-billed Honeycreeper (*Cyanerpes nitidus*) M:1 The male was together with 4-5 females, possibly of this species.
Purple Honeycreeper (*Cyanerpes caeruleus*) 2
Swallow-Tanager (*Tersina viridis*) M:1 F:1
Yellow-browed Sparrow (*Ammodramus aurifrons*) 2
Buff-throated Saltator (*Saltator maximus*) 1
Slate-colored Grosbeak (*Saltator grossus*) 2
Russet-backed Oropendola (*Psarocolius angustifrons*) 3

BAGUA CHICA - IMAZITA ROAD

Department: Amazonas - Day: July 7, 2005 - Time: From 06:00 to 15:00 - GPS: 00° 00' S - 00° 00' W

Greater Yellow-headed Vulture (*Cathartes melambrotus*) 3
White Hawk (*Leucopternis albicollis*) 1
Roadside Hawk (*Buteo magnirostris*) 5
Dusky-billed Parrotlet (*Forpus sclateri*) M:1 F:1
Blue-headed Parrot (*Pionus menstruus*) 2
Glittering-throated Emerald (*Polyerata fimbriata*) 1
Brown-mandibled Aracari (= Ivory-billed) (*Pteroglossus mariaae*) 2
White-throated (Cuvier's) Toucan (*Ramphastos cuvieri*) 2
Dark-breasted Spinetail (*Synallaxis albigularis*) 3
Common Tody-Flycatcher (*Todirostrum cinereum*) 2
Great Kiskadee (*Pitangus sulphuratus*)
Boat-billed Flycatcher (*Megarynchus pitangua*)
Social Flycatcher (*Myiozetetes similis*)
Dusky-chested Flycatcher (*Myiozetetes luteiventris*) 1
Tropical Kingbird (*Tyrannopsis melancholicus*)

Dusky-billed Parrotlets along the road between Bagua Chica and Imacita

Blue-and-white Swallow (*Pygochelidon cyanoleuca*)

White-lined Tanager (*Tachyphonus rufus*) M:2 F:1 The males were a bit confusing as the lower flank was rufous. I've never seen this before and now I saw it twice. One male was together with a female. Immature males?

Silver-beaked Tanager (*Ramphocelus carbo*)

Blue-gray Tanager (*Thraupis episcopus*)

Orange-bellied Euphonia (*Euphonia xanthogaster*) 4

Masked Tanager (*Tangara nigrocincta*) 1

Blue Dacnis (*Dacnis cayana*) M:1

Chestnut-bellied Seed-Finch (*Oryzoborus angolensis*) M:1

Saffron Finch (*Sicalis flaveola*) 20 Close to Bagua Chica

Giant Cowbird (*Molothrus oryzivora*) 1

LA FLORIDA AREA

Department: Amazonas - Day: July 8, 2005 - Time: From 06:00 to 12:00 - GPS: 00° 00' S - 00° 00' W

Cattle Egret (*Bubulcus ibis*) Common

Turkey Vulture (*Cathartes aura*)

Mitred Parakeet (*Aratinga mitrata*) 25

Green Violetear (*Colibri thalassinus*) 5

White-bellied Hummingbird (*Leucippus chionogaster*) 1

Bronzy Inca (*Coeligena coeligena*) 1

Long-tailed Sylph (*Agelaiocercus kingi*) 1

Marvellous Spatuletail (*Loddigesia mirabilis*) M:1 Imm:2

Azara's Spinetail (*Synallaxis azarae*) 3 Heard.

Sierran Elaenia (*Elaenia pallatangae*) 2

Cinnamon Flycatcher (*Pyrrhomyias cinnamomea*)
Smoke-colored Pewee (*Contopus fumigatus*) 1
Silver-backed Tanager (*Tangara viridicollis*) 4
White-sided Flowerpiercer (*Diglossa albilatera*) F:1

ABRA PATRICIA AREA

Department: Amazonas - Day: July 8, 2005 - Time: From 14:00 to 15:00 - GPS: 05° 46' S - 77° 41' W

Plain-breasted Hawk (*Accipiter ventralis*) 1
Scaly-naped Parrot (*Amazona mercenaria*) 2
Green-fronted Lancebill (*Doryfera ludovicae*) 3
Chestnut-breasted Coronet (*Boissonneaua matthewsii*) 1
Collared Inca (*Coeligena torquata*) 1
Emerald-bellied Puffleg (*Eriocnemis alinae*) 2
Streaked Tuftedcheek (*Pseudocolaptes boissonneautii*) 2
Rufous-vented Tapaculo (*Scytalopus femoralis*) 2
Green-and-black Fruiteater (*Pipreola riefferii*) M:1
Black-throated Tody-Tyrant (*Hemitriccus granadensis*) 1
Cinnamon Flycatcher (*Pyrrhomyias cinnamomea*)
Cliff Flycatcher (*Hirundinea ferruginea*) 2
Pale-edged Flycatcher (*Myiarchus cephalotes*) 1
Gray-breasted Wood-Wren (*Henicorhina leucophrys*)
Great Thrush (*Turdus fuscater*)
Spectacled Whitestart (*Myioborus melanocephalus*)
Grass-green Tanager (*Chlorornis riefferii*) 5
Blue-capped Tanager (*Thraupis cyanocephala*)
Beryl-spangled Tanager (*Tangara nigroviridis*) 5
Blue-and-black Tanager (*Tangara vassorii*) 1
Silver-backed Tanager (*Tangara viridicollis*) 5
Masked Flowerpiercer (*Diglossa cyanea*) 1

ABRA PATRICIA AREA

Department: Amazonas - Day: July 9, 2005 - Time: From 07:00 to 14:00 - GPS: 05° 46' S - 77° 41' W

Turkey Vulture (*Cathartes aura*)
Band-tailed Pigeon (*Columba fasciata*) 10
White-capped Parrot (*Pionus tumultuosus seniloides*) 13
Scaly-naped Parrot (*Amazona mercenaria*) 2
Collared Inca (*Coeligena torquata*) 1
Masked Trogon (*Trogon personatus*) M:1
Speckle-chested Piculet (*Picumnus steindachneri*) 1
Azara's Spinetail (*Synallaxis azarae*)
Pearled Treerunner (*Margarornis squamiger*) 1
Olive-backed Woodcreeper (*Xiphorhynchus triangularis*) 2
Rusty-tinged Antpitta (*Grallaria przewalskii*) 1
Rufous-vented Tapaculo (*Scytalopus femoralis*)
White-crested Elaenia (*Elaenia albiceps*) 2
Streak-necked Flycatcher (*Mionectes striaticollis*) 2
Lulu's Tody-Tyrant (*Poecilotriccus luluae*) 2
Cinnamon Flycatcher (*Pyrrhomyias cinnamomea*)

Maroon-chested Chat-Tyrant (*Ochthoeca thoracica*) 2
 Dusky-capped Flycatcher (*Myiarchus tuberculifer*) 1
 Barred Becard (*Pachyramphus versicolor*) M:1
 Andean Solitaire (*Myadestes ralloides*) 3
 Great Thrush (*Turdus fuscater*)
 Rufous-browed Peppershrike (*Cyclarhis gujanensis*) 2
 Citrine Warbler (*Basileuterus luteoviridis*) 1
 Russet-crowned Warbler (*Basileuterus coronatus*) 5
 Gray-hooded Bush-Tanager (*Cnemoscopus rubrirostris*) 1
 Northern Black-capped Hemispingus (*Hemispingus atropileus*) 1
 Rufous-crested Tanager (*Creurgops verticalis*) M:1
 Blue-capped Tanager (*Thraupis cyanocephala*)
 Blue-winged Mountain-Tanager (*Anisognathus somptuosus*) 3
 Yellow-throated Tanager (*Iridosornis analis*) 5
 Yellow-scarfed Tanager (*Iridosornis reinhardti*) 2
 Orange-bellied Euphonia (*Euphonia xanthogaster*) 5
 Saffron-crowned Tanager (*Tangara xanthocephala*) 10
 Flame-faced Tanager (*Tangara parzudakii*) 2
 Metallic-green Tanager (*Tangara labradorides*) 4
 Beryl-spangled Tanager (*Tangara nigroviridis*) 5
 Blue-and-black Tanager (*Tangara vassorii*) 2
 Silver-backed Tanager (*Tangara viridicollis*) 10
 Straw-backed Tanager (*Tangara argyrofenges*) M:1
 White-sided Flowerpiercer (*Diglossa albilatera*) 1
 Deep-blue Flowerpiercer (*Diglossopsis glauca*) 2
 Cloud-forest Brush-Finch (*Atlapetes latinuchus*) 10

AFLUENTE KM 399-404

Department: San Martin - Day: July 9, 2005 - Time: From 14:00 to 16:00 - GPS: 05° 44' S - 77° 31' W

White Hawk (*Leucopternis albicollis*) 1
 Dark-breasted Spinetail (*Synallaxis albigularis*)
 Slaty-capped Flycatcher (*Leptopogon superciliaris*) 1
 "San Martin" Tyrannulet (*Zimmerius (chlorops/viridaflavus) (s)sp nov*) 2 Maybe a race of Golden-faced tyrannulet.
 Scale-crested Pygmy-Tyrant (*Lophotriccus pileatus*)
 Long-tailed Tyrant (*Colonia colonus*) 1
 Tropical Kingbird (*Tyrannopsis melancholicus*)
 Slate-throated Whitestart (*Myioborus miniatus*)
 Ashy-throated Bush-Tanager (*Chlorospingus canigularis*) 3
 Common Bush-Tanager (*Chlorospingus opthalmicus*) 3
 Blue-gray Tanager (*Thraupis episcopus*)
 Magpie Tanager (*Cissopis leveriana*) 2
 Huallaga Tanager (*Ramphocelus melanogaster*) 2
 Orange-bellied Euphonia (*Euphonia xanthogaster*) 5
 Orange-eared Tanager (*Chlorochrysa calliparaea*) 2
 Paradise Tanager (*Tangara chilensis*) 10
 Golden Tanager (*Tangara arthus*) 1
 Golden-eared Tanager (*Tangara chrysotis*) 1
 Spotted Tanager (*Tangara punctata*) 1
 Bay-headed Tanager (*Tangara gyrola*) 1
 Blue-necked Tanager (*Tangara cyanicollis*) 1

ABRA PATRICIA AREA

Department: Amazonas - Day: July 10, 2005 - Time: From 07:00 to 08:00 - GPS: 05° 46' S - 77° 41' W

Crimson-mantled Woodpecker (*Piculus rivolii*) 1
Streak-necked Flycatcher (*Mionectes striaticollis*) 1
Inca Flycatcher (*Leptopogon taczanowskii*) 2
Great Thrush (*Turdus fuscater*)
White-collared Jay (*Cyanocorax viridicyana*) 5
Russet-crowned Warbler (*Basileuterus coronatus*) 3
Grass-green Tanager (*Chlorornis riefferii*) 1
Northern Black-capped Hemispingus (*Hemispingus atropileus*) 1
Saffron-crowned Tanager (*Tangara xanthocephala*) 5
Beryl-spangled Tanager (*Tangara nigroviridis*)

2002 LSU EXPEDITION (OWLET TRAIL)

Department: San Martin - Day: July 10, 2005 - Time: From 07:00 to 10:00 - GPS: 00° 00' S - 00° 00' W

Sickle-winged Guan (*Chamaepetes goudotii*) 3
White-tipped Swift (*Aeronautes montivagus*) 3
Speckled Hummingbird (*Adelomyia melanogenys*) 3
Booted Racket-Tail (*Ocreatus underwoodii*) M:1 F:1
Long-tailed Sylph (*Agelaiocercus kingi*) 2
Lemon-throated Barbet (*Eubucco richardsoni*) M:1 Alt:1700m. Very high for this species!
Golden-olive Woodpecker (*Piculus rubiginosus*) 1
Streaked Xenops (*Xenops rutilans*) 1
Olive-backed Woodcreeper (*Xiphorhynchus triangularis*) 2
Uniform Antshrike (*Thamnophilus unicolor*) F:1
Long-tailed Antbird (*Drymophila caudata*) Heard.
Rufous-rumped Antwren (*Terenura callinota*) 1
Rufous-breasted Antthrush (*Formicarius rufipectus*) 1 Heard.
Black-capped Tyrannulet (*Phyllomyias nigrocapillus*) 1
Ashy-headed Tyrannulet (*Phylloscartes cinereiceps*) 2
"San Martin" Tyrannulet (*Zimmerius (chlorops/viridaflavus) (s)sp nov*) 5
Rufous-tailed Tyrant (*Knipolegus poecilurus*) 1
Andean Solitaire (*Myadestes raloides*) 5
Inca (Green) Jay (*Cyanocorax yncas*) 5
