Preface

This was a vacation trip with my wife Natalia not fully focused on birding. We flew with Apollo from Copenhagen to Corfu with just seats, hotel booked separately. We took off 9 AM and landed 9.30 AM local time at a cloudy and a little bit rainy Corfu. A pre-booked Fiat was quickly picked up at the airport. With GPS in the mobile we easily found the very good five star hotel Kortokali Bay just 7 km N the airport. We had to wait in the reception until 2 PM to get our room. The stay on Corfu was spent with swimming in the mornings and excursions during the days. It was easy to drive around the island and the roads were good but sometimes quite narrow.

Itinerary

Saturday 11th

Just transportation to the hotel and some walking in the proximity.
